1. Background

During the last two years the National Research Foundation (NRF) has embarked on a process designed to enhance and simplify the NRF administrative interface with Researchers, Students and Designated Authorities. This has been done by streamlining its application templates and its Call Opening process, in line with the forthcoming Research Support Strategies by the Department of Science and Technology (DST) and the NRF. These changes will create enhanced efficiency in receiving and processing applications and be more effective in prioritising funding to best serve the NRF mandate.

2. Application Categories

As a result of the streamlining, the NRF will publish One Call for Applications for funding in February 2019 under the following categories and the possible funding opportunities within each category:

1) **Concept Notes** (Review Period 1) only FBIP (2019)

2) **Customised Programmes**
   a) Knowledge Fields Development Grants (2020)
   b) Customised Interventions

3) **Institutional Grants**
   a) SARChI – Albertina Sisulu Chair in Nursing (2020)
   b) SARChI – DUT Co-funding* (2020)
   c) SARChI – SU Co-funding* (2020)
   d) SARChI – TUT Co-funding* (2020)
   e) South African Cities Network (SACN) (2020)

4) **NRF Postgraduate Scholarships (2020)**

5) **Postdoctoral Grants (2020)**

6) **Research Grants: General**
   a) Blue Skies Full Proposal** (2020)
   b) FBIP Large Grants*** (Review Period 2) (2020)
   c) Indigenous Knowledge Systems (2020)
   d) Support for Rated and Unrated Researchers (2020)

7) **Research Grants: International**
   a) Brazil (FAPESP) (Review Period 1) (2020)
   b) BRICS (Review Period 1) (2020)

Please note:

- **Student Block Grants and Masters & Doctoral Grants** applications opened on 2 April 2019.
- **Institutional Grants:** Funding opportunities indicated with an asterix (*) are only available to certain institutions/potential applicants.
- **Research Grants: General**
  - Blue Skies Full Proposals, indicated with (**), are available to successful applicants from the previous Blue Skies Concept Notes that held grants in 2018.
  - **FBIP Large Grants** indicated with (***) will be available to successful applicants from Review Period 1 of the Concept Notes submission in this round of applications.
  - FBIP Small Grants (Review Period 2), indicated with (****) will be available to some applicants from Review Period 1, as recommended by the review process.

3. Cut-off dates and Review Periods

Applicants will be able to submit applications on the NRF Online Submission System at any time as the system will be open throughout the year. However, the NRF has set definitive review periods for
applications within its funding opportunities and therefore the cut-off dates in the following Table should be considered and the institutional deadlines be strictly followed.

Institutional Cut-off Dates: Internal

The Cut-off dates for submission of applications to the various funding opportunities are dependent on individual institutions. The institutions will need to advertise their respective cut-off dates for submission of applications to the Research/Postgraduate offices which are dependent on their internal processes.

Applicants are strongly advised to adhere to the institutional cut-off dates so as NOT miss the opportunity for their applications being submitted to the NRF for review.

Institutional Cut-off Dates: NRF

The cut-off dates advertised below are the final dates for the Designated Authorities (DAs) to submit applications to the NRF. Applications that are submitted to the NRF later than the dates below will NOT be processed for funding in 2020.

4. How to Apply

Applications must be submitted electronically on the NRF Online Submission System at https://nrfsubmission.nrf.ac.za

It is important to read the relevant documents before deciding on the funding opportunity you need to apply to. All eligibility criteria, as well as the applicable requirements, must be taken into consideration. All Framework and Application and Funding Guide documents are available on the NRF website at https://www.nrf.ac.za/funding/framework-documents

Please note that Framework documents for the Research Grants: International category (Review Period 2) will become available on the system as they become available.
Instructions to Applicants

- Go to https://nrfsubmission.nrf.ac.za.
- Register/Login using your ID/Passport number and password.
- Go to “My Applications” and select “Create Application”:

- Where there are multiple “Funding Opportunities” per category, click on the icon next to the relevant “Funding Category”.
- On the confirmation screen, review the selection of “Funding Opportunity” and click “OK” if correct.
- If the selection is not correct, click “Cancel” to return to the “Create Application” screen.
- Where there is only one “Funding Opportunity” per category, click on the icon next to the relevant “Funding Category”. With these “Funding Opportunities”, the application will automatically be created.
- Complete all the compulsory sections of the application as well as the non-compulsory sections which are relevant to you.
- Attach all the required documents in PDF format.
- Submit the application on completion.
- Complete applications will go to the Research/Postgraduate Office of the applicant’s institution for processing.

### The following applications will not be considered for funding:
- Incomplete applications;
- Applications not meeting the eligibility criteria as outlined in documents;
- Applications submitted outside the NRF Online Submission System;
- Applications submitted in hard copies; and/or
- Applications in a language other than English

Only applications endorsed by the Research/Postgraduate Office at Higher Education Institutions, or its equivalent at declared NRF Recognised Research Institutions will be accepted. Please contact the relevant Research/Postgraduate Office, or equivalent, if you have any queries.

### Instructions to Research/Postgraduate Officers (or equivalent)

Please ensure that you prepare adequately for the advertised cut-off dates.

Designated Authorities (DAs) are the gatekeepers of quality applications and safeguard the reputation of the institutions in accessing funds. As such they should:

- Provide guidance and advice to potential applicants, researchers, grantholders and students in the choice of funding opportunities available to them;
• Review applications for completeness and correctness before submission to the NRF. This includes ensuring that all compulsory attachments are uploaded and are correct;
• Open applications for amendment if/when required and indicate where revisions are required;
• Decline applications that do not comply with the eligibility criteria and provide feedback to the applicant;
• Ensure that all mandatory documents e.g. copy of ID etc. are uploaded; and
• Ensure that applications meet all the Funding Opportunity eligibility criteria before submitting to NRF.

Please Note:
• Under no circumstance should DAs submit applications to the NRF if not all the eligibility criteria are met.
• For the Thuthuka funding opportunity, DAs are requested to enter the preferred Funding Track in the “Comments” block provided, see example below.

5. Evaluation of Applications

Reviewing of most applications for funding will be through a one-stage or two-stage process. One-stage refers to where the reviewers who receive the applications, convene as a panel to share their reviews of the applications, score them & generate a collective outcome & recommendation. This process therefore entails the panel engaging the applications directly, and not receiving & dealing with reviewer reports.

In the case of Two-Stage, the applications are sent out to remote, specialist reviewers who submit review reports on the applications. The panel/committee primarily considers the review reports in scoring & generating collective outcomes & recommendations.
In the case of the two-stage reviews, after screening of applications for eligibility, expert evaluators/reviewers for these are identified and the applications are sent to them for remote reviewing.

6. Outcomes

Following on the review process recommendations, the NRF makes awards according to the recommendations and the objectives of the various funding opportunities available. It is envisaged that the outcomes of the funding decision process will become available during the month as advertised in the table above with the cut-off dates.

7. Contact Details

Applicants are encouraged to first engage their institutional authorities, i.e. Research/Postgraduate Office (or equivalent) for information and advice.
